# ESTATE-LIVING PRESENCE

There is nothing 'middle of the road' when it comes to living at Ridge Town Central. The development separates itself from the rest as it exudes estate-living presence; from the minute you drive towards the gatehouse to the moment you enter your home. Ridge Town Central boasts a range of studios, 1, 2 and 3-bedroom apartments from R 1 025 000. Apartments have been designed with a private courtyard, balcony and sleek open-plan living with exceptional finishes and fixtures.

This modern lifestyle gives you room to either step away from the buzzing streets of Umhlanga Ridge Town Centre and enjoy a relaxed lifestyle or be close enough for you not to miss out on being in the 'centre' of all the vibrant happenings.

# ALL ROADS LEAD HOME

Umhlanga Ridge Town Centre is one of KwaZulu-Natal's prized live-work-play regions and is driving the definition of dynamic urbanism. Each road connects locals and residents to world-class amenities from residential apartments, top performing businesses, medical suites and hospitals, popular shopping centres, to signature bars and trendy restaurants. The myriad of offerings within this centre make it a vibrant and engaging place to reside.

**"EVENTUALLY. EVERYTHING CONNECTS"**
